

## Amendment in consulting agreement with Dr Yoav Nissan-Cohen

**23 September 2019** – Weebit Nano (ASX: WBT), the developer of next generation memory technology for the global semiconductor industry, has revised its consulting agreement with Executive Director Dr Yoav Nissan-Cohen's consulting company, Nichy Ltd.

Following a six-month period of additional activity where Dr Nissan-Cohen assisted Weebit Nano in discussions with potential partners, he will now be decreasing his executive time commitment, effective immediately.

In line with the decrease in his time commitment, Dr Nissan-Cohen's consulting fees, paid through Nichy Ltd, which is a company wholly owned by Dr Nissan-Cohen, will decrease from NIS40,000 to NIS20,000 per month.

### About Weebit Nano Limited

Weebit Nano is a leader in the development of next generation computer memory technology, and plans to become the new industry standard in this space. Its goal is to address the growing need for a significantly higher performance and lower power computer memory technology. Weebit Nano's ReRAM technology is based on fab-friendly Silicon Oxide, allowing the company to rapidly execute, without the need for special equipment or preparations. The company secured several patents to ensure optimal commercial and legal protection for its ground-breaking technology.

Weebit Nano's technology enables a quantum leap, allowing semiconductor memory elements to be significantly cheaper, faster, more reliable and more energy efficient than the existing Flash technology. Weebit Nano has signed an R&D agreement with Leti, an R&D institute that specialises in nanotechnologies, to further develop SiOx ReRAM technology.
