

Weebit Nano to present at TechOpps virtual investment conference

9 October 2020 – Weebit Nano (ASX: WBT) advises that CEO, Coby Hanoch, will be presenting at Market Eye’s TechOpps virtual conference on Thursday, 15 October 2020.

The conference will be run over 14-15 October, with some of Australasia’s leading and emerging tech companies explaining how they’re transforming the way people work and helping society operate during these unprecedented times.

Keynote speakers for the event include The Hon. Paul Fletcher MP, Minister for Communications, Cyber Safety and the Arts, and Gabby Leibovich, co-founder of Catch.com.au and a local digital economy pioneer.

Attendance is free. To register for the event and view the full program please go to: <https://techopps.live/>

Weebit Nano will be presenting at 3:20pm AEDT on Thursday, 15 October 2020.

This announcement has been authorised for release by the Board.

About Weebit Nano Limited

Weebit Nano is a leader in the development of next generation computer memory technology, and plans to become the new industry standard in this space. Its goal is to address the growing need for a significantly higher performance and lower power computer memory technology. Weebit Nano’s ReRAM technology is based on fab-friendly Silicon Oxide, allowing the company to rapidly execute, without the need for special equipment or preparations. The company secured several patents to ensure optimal commercial and legal protection for its ground-breaking technology.

Weebit Nano’s technology enables a quantum leap, allowing semiconductor memory elements to be significantly cheaper, faster, more reliable and more energy efficient than the existing Flash technology. Weebit Nano has signed an R&D agreement with Leti, an R&D institute that specialises in nanotechnologies, to further develop SiOx ReRAM technology.
